

Temporary Traffic Management (TTM) - Category 1

TMI1 Traffic Management Implementer (3 Days)

(TMI1) RIIS00060 Traffic Management Implementer Skill Set for Urban Streets and Low Volume Rural Roads

Units include:

- RIICOM201E Communicate in the workplace
- RIIRIS301E Apply risk management processes
- RIIWS302E Implement traffic management plans
- RIIWS303 Position, set up and program portable traffic control devices

Training Course (2 Days)

This is an introduction course for Learners who will be responsible for traffic management implementation on urban streets and low volume rural roads (Category 1). The course includes knowledge training and assessment, practical training and the South Australian Localised content training and assessment.

Practical Experience and Assessment (1 Day) to be completed within 6 months

Access Training Centre will provide a suitable Temporary Traffic Management (TTM) live site work environment for the Learner's practical experience with TTM qualified operators to supervise and support Learners. Two observations will be completed and documented by a suitably qualified Supervisor while implementing different live traffic setups as detailed on Traffic Guidance Schemes (TGS).

On completion of the practical experience, Learners will be required to successfully complete the Final Assessment autonomously interpreting a TGS and implementing the required TTM set up on a live traffic project as advised by the Assessor.

Course Outcome and Award

On successful completion of the assessment, Learners will be issued with:

- Statement of Attainment issued by ATC
- TTM card issued by DIT (Department for Infrastructure and Transport)

Course Content

- Communication techniques using equipment and systems
- Identify and assess risks and implement controls
- Prepare to implement traffic management plans
- Set out and monitor traffic guidance scheme
- Position, set up and program portable traffic control devices
- Operating portable traffic control devices and using signs to control traffic
- Shut down work activities and remove portable traffic control devices and signage

Subsidies Available
